OUTLINES.

The loss of life by the typhoon at Hong Kong on Tuesday was enormous, 5,000 or more persons having been drowned while the property loss was several million dollars; numerous ships were sunk, damaged or driven ashore——Secretaries Taft and Bacon arrived in Havana yesterday to investigate the insurrection; in Santiago province insurgents have seized dynamite and batteries from an American company; if the United tates army is sent to Cuba it will be commanded by young officers——From the various ports come stories of ships wrecked and dismantled by Monday's storm; Hatteras and Frying Pan shoals near Wilmington, each claimed several victims; off Hatteras a British steamer had her chart house swept away with the captain and two seamen——Hon. Wm. J. Bryan yesterday talked to 3,000 people at Columbia, attacked Shaw's speeches and said he didn't care whether anybody agreed with him or not about railroad ownership——In New York politics, former Governor Odell acknowledges that he has been whipped for the Republican leadership Leader Murphy, of Tammany, says the organization is not committed to Hearst for Governor, but whoever it is for the unit rule will prevail——At the Jamestown Exposition grounds yesterday ground was broken for the Missouri, Maryland and T. P. A. buildings, and the cornerstone of the Virginia building was laid——New York markets: Money on call strong, 2 to 7 1-2, ruling rate 6, closing bid—, offered at 2; spot cotton quiet and steady 9.75; flour quiet but firm; wheat firm, No. 2 red, 78 elevator; corn firmer, No. 2, 59 1-2 elevator; oats firm, mixed, 37 1-2; turpentine steady, 64 to 64 1-2; rosin firm.

No doubt President Palma, of Cuba, is ready to admit that if he had a "big stick" it would assure peace in the island Republic.

A boat builder at Castle Haven, Md., has constructed a motor boat that skims over the water at a rate of 22 1-2 miles an hour.

Roosevelt always argued that a big navy was the best guarantee of peace. He is sending a good portion of the navy to Cuba to put his theory into practice.

Newspapers keep on saying that scientists have discovered that coal is edible. We always thought it took consumers to be edible, judging from the way it gnaws into their pockets.

President Roosevelt is again probably delighted. He is doing the double spectacular stunt of managing the Republican Congressional campaign and wielding the big stick over Cuba.

A Boston man, who died a few days ago, left a will bequeathing one dollar to his divorced wife. Probably he remembered that she had her inning when she used to take all the change she could find in his pockets.

Former Governor Chas. B. Aycock, of Goldsboro, is to take to the stump. He will open the campaign in Buncombe county, Tuesday, October 2nd, and is booked for campaign speeches in various portions of the State. He knows well how to tell the Democratic story.

The other day as the Hon. William Jennings Bryan came down through Virginia he entered his 14 year old daughter, Miss Grace, at Hollins Institute, near Richmond. A girl is all right when she gets the Virginia idea and Col. Bryan knows it. Same in North Carolina, you know.

The Charleston News and Courier says the North German Lloyd Steamship Company has decided to allow the Charleston-Bremen line the same freight rates as the New York-Bremen line. If that is true we see no reason why this part of the South cannot develop a large export and import business through Charleston. Immigrants can come over the new line but it will also offer splendid trade opportunities.

If you have found a cat or anything of value, look in the lost and found columns of the Morning Star. Losers and finders use its columns to good advantage. They are the ensyclopedia of the luck and misfortune of this city, and their value to those using them is beyond the mere cost of the advertisement. **tf

PRETTY WEDDING

Helen Fay McManus Bride of Mr. Joseph Inskip Sabiston, of Florida

WERE MARRIED YESTERDAY

Beautiful Ceremony in First Baptist Church at 5 O'clock Yesterday Afternoon—Will Make Their Home in Jacksonville.

Beautifully decorated by Rehder, the florist, and thronged with a large assemblage of fashionable wedding guests, the First Baptist church was the scene of a beautiful marriage ceremony at 5 o'clock yesterday afternoon when Mr. Joseph Inskip Sabiston, of Jacksonville, Fla., led to the altar Miss Helen Fay McManus, the attractive young daughter of Mr. Thos. S. McManus, of this city, and they were made man and wife in a beautiful service spoken by the pastor, Rev. Fred. D. Dale, D. D. The ceremony was pronounced by those who witnessed it one of the very prettiest of the season.

While the guests were assembling a programme of classical music was rendered on the large pipe organ by Mr. James Owen Reilly, with Miss Helen Langdenburg, of Peoria, Ill., violin accompanist. The wedding march in due time heralded the approach of the party, which estered in perfect order, forming a graceful assembly at the altar where the solemn and impressive service was observed. The bride was attended by Mrs. W. P. M. Turner as dame of honor and by Miss Sallie Cobb Johnson, of Atlanta, as maid of honor. The maids of honor were Misses Ray Sneed and Evelyn McManus, the last named a sister of the bride. The groom's best man was Mr. Thos. J. Gause and the ribbon children were little Misses Lathrop and Kingsbury and Masters Louis Skinner and Rudolph Sanders. The groomsmen were Messrs. A. J. Mitchell, Clinton Smith, Clarence Mills and Norwood Orrell.

The bride was becomingly attired in white silk trimmed with blue ribbon and carried bride's roses and Lilies of the Valley. Her veil was tulle and her ornaments diamonds. The dame of honor wore white silk and carried carnations. The maid of honor wore light blue radium silk and carried white carnations. The bridesmaids wore white silk trimmed with blue ribbon and carried carnations. The ribbon children were also dressed in snow white and carried blue ribbon. The male attendants wore the conventional black with buttonnieres of carnations.

A brief reception was held after the ceremony and the young couple left on the evening train for their future home at Jacksonville, Fla., where the groom is soliciting freight agent for the Louisville & Nashville Railroad. He was formerly with the A. C. L. in this city and both he and his charming bride have the very best wishes of many friends in Wilmington for their future happiness.

New Cigar and Tobacco Store.

Arrangements are progressing satisfactorily for the opening of the new and modernly equipped cigar and tobacco store in the stand now occupied by the Parlor Market, in the Purcell building, on Front street. Mr. Henry Gerken, who is too well known to need introduction through the newspapers, will be in charge and that is sufficient guarantee that the place will be conducted in an up-to-date and progressive manner. The store will be opened Oct. 15th. New fixtures and furniture have been purchased throughout and the place will be second to none of its kind in the State. A handsome $3,000 soda fountain is now being especially constructed in exclusive design for the firm and will be installed as soon as possible. The sale of the fountain was by Mr. T. R. Southerland, an old Wilmington boy, who guarantees one of the most elegant founts between Baltimore and Atlanta.

DEMOCRATIC PRIMARY WAS QUIET YESTERDAY

Second Race for Sheriff Between Cowan and Biddle; For Register of Deeds Between Everett and Haar—Other Results.

Official returns from all the wards and semi-official advices from the country precincts indicate that a rather light vote was polled in yesterday's Democratic primaries in New Hanover for county and Legislative offices. A second primary will have to be held to-morrow for Sheriff between Biddle and Cowan and for Register of Deeds between Everett and Haar. Both Col. James and Henry L. Horne the third candidates in those contests respectively, developed wonderful strength, but the leading candidates went out under the wire first and will try conclusions again to-morrow. Col. George L. Morton was nominated for the Legislature with a majority in every ward; Bellamy was nominated for the State Senate; Col. Jno. D. Taylor for Clerk of the Superior Court, both without opposition, while Green, for treasurer, and Savage, for Constable, had practically a walk-over. The old Board of County Commissioners was returned by substantial majorities everywhere and Dr. Bell had a substantial majority everywhere for Coroner. The result as to magistrates and members of the County Executive Committee will not be fully known until to-day when all the returns for those offices are in. Both Justice Jno. J. Furlong and Justice George W. Bornemann are renominated for magistrates by leading votes, while those on the tickets with those were also carried through.

The primary was the quietest ever known and there was no disorder around the polls. While the poll workers were large in number, the rivalry was good natured and there were no breaches of the peace. Up to late in the afternoon not a single arrest had been made by the police. It was well demonstrated in the primary that it is all foolishness to attempt to elect magistrates and executive committeemen in the primary. The expression was heard on all hands yesterday that this should be done in the County Convention. The presence of so many tickets at the polls was an abomination to the "sovereign" who walked up to cast his ballot and the count was exceedingly difficult at night. The returns from all the city wards were not in at midnight and from the Fourth ward no returns at all were made on these tickets, the poll holders stating that it was a physical impossibility for them to complete the count. In the Fifth ward some wag said that the vote for magistrates and executive committee was measured in a quart cup. It is a fact that in the box for magistrates, before the polls were closed, the ballots had to be stuffed down in the box with a ram rod.

At 2 o'clock this morning Chairman Burriss, of the Executive Committee, ruled that the election officers in the Fourth ward must proceed with their count there. They were sent for at their homes where they had retired, and were proceeding with the count on executive committee and magistrates when the Star went to press this morning. The Executive Committee is in session at the Court House to receive the returns.

It was impossible last night to attempt any further tabulation of the vote than the following:

BEACH OPEN AGAIN.

Temporary Arrangements by Which Wrightsville May Be Reached by Public.

SEASON BEGINS NOW ANEW.

Transfer Car Will Be Operated, Connecting Half Hourly With Schedule From City—General Manager Skelding's Skill.

The work of restoration at Wrightsville Beach after the fearful storm Monday morning is progressing satisfactorily and the Consolidated Company announces that its line to the resort will be open to public travel this morning at 8 o'clock. While upwards of a hundred men have been diligently at work on the permanent restoration of the trestle across the Sound, others have been engaged in laying a substantial foot bridge across the breach in the trestle there and by this means communication will be re-established and persons may go to and from the beach with a minimum of inconvenience. Fortunately at this time, Car No. 31 was stranded on the Hammocks during the storm and this will be used on the track across Banks channel and along the beach nearly to Lumina, so that the transfer across the board walk will be all required of those who desire to go over. This walk will be lighted and will be in every way secure while all the lights on the beach will be ablaze again as if in the middle of Summer.

Cars from the city to the Sound will be operated on a half-hour schedule for a time and passengers reaching there may take the foot bridge a short distance, connect with the beach car and go anywhere along the front that may be desired. The break in the trestle is fortunately on the Sound side and the bridging of this for temporary travel will be a great convenience. A large force of men were at work yesterday re-stringing the wires on the beach and putting the track in readiness for the transfer car. The transfer will be without extra charge. It is understood that a number of families contemplate moving back to the beach for the remainder of the month and it is certain that the season at Lumina will be in no wise cut short. The moonlight period has come again and this will be an attraction during September. Lumina will be in full blaze again to-night and to-morrow the usual dance will be given with music by the full orchestra.

Oyster roasts are now being served at the Light House, on the Sound, and Proprietor Stokley has the place in fine shape for accommodating the public.

A word personal to Mr. Skelding in connection with the work under way by the Consolidated Company to set things in order again after the havoc of the storm. He is not your general manager of the kid glove and revolving chair type. He has a genius for direction and execution. Hardly had the storm ceased to howl and the waves to roll Monday morning until his plans were matured for opening the beach again and affording cottagers there the least inconvenience in recovering from the effects of the catastrophe. A fleet of launches was put into commission and every other expedient was made possible. Then with all the established enterprises here short of labor, a force of more than half a hundred men was at once gotten together and in less time than it takes to tell it they were at work systematically along well defined plans to restore the line. Mr. Skelding approached a difficult task and is overcoming it with a generalship that is admirable.

SHIPS IN DISTRESS.

Steamer Compton Reached Port Last Night With Wilmington Bound Schooner.

BEACH FULL OF WRECKAGE

Further Reports from Along the Coast Indicate Fearful Havoc to Shipping—Big Steamer and Schooner Ashore at Little River.

The steamer Compton, of the Wilmington, Southport and Little River Transportation Company, arrived up last night with the schooner Fannie Prescott, bound to Wilmington, and brought the first authentic news of the fearful damage to shipping off this coast in the storm of Monday morning. Capt. Jacobs says that the coast is strewn with wreckage and from every quarter comes reports of vessels in distress. The tug Blanche, of the same company, which went out Tuesday to the assistance of the waterlogged schooner R. D. Bibber, previously reported, towed that craft into Southport last night, but had to go immediately back out to the assistance of other shipping.

An unknown six-masted schooner in distress off Cape Fear bar yesterday morning was taken in tow by the Standard Oil tug which was passing and was towed to some other port.

The fishing steamers that came in yesterday reported an unknown four-masted schooner ashore high and dry on the beach off Little River, S. C., and also a large British tramp steamer ashore very nearly in the same place. The steamer appears broken in two. This news was confirmed by Captain Jacobs, who came in with the schooner Prescott last night. The Prescott lost its life boats during the storm and was otherwise damaged.

The tug Marion left for the outside yesterday afternoon and has probably joined the other vessels in the rescue work. Tugs are also thought to be off this coast from Georgetown and Charleston, S. C.

The British steamer Greatham arrived yesterday from Baltimore for cotton cargo. She put to sea during the storm and escaped damage.

LOCAL DOTS.

—A communication from Rocky Point, signed "A Pender Friend" will be printed in the Star if the author will give (though not for publication) his or her real name.

—There was no police court yesterday. One case against Son Roderick was continued and half a dozen hack drivers for non-payment of license tax were dismissed upon squaring up arrearages. Mayor Waddell had returned and was prepared to hold the court had there been any occasion for it.

—The Star acknowledges with thanks the receipt of a handsomely engraved invitation card to attend the second annual banquet of the M. S. G. Baseball team this evening on the old baseball diamond, Seventeenth and Market streets. The M. S. G. was one of the leading teams in the City League and never do things by half. The second annual banquet promises to be an affair altogether elaborate and pleasing.

—John Albro, an insane colored patient at the County Home, will be taken to the Goldsboro asylum by Constable Savage to-day. Albro became unmanageable at the Home and had to be sent away. Another patient from this county will be brought back to make room for Albro. As yet it has been impossible for the asylum authorities to find a place for Fred Hill, the insane colored man from Federal Point township who was recently captured by the officers with so much difficulty.

Insurance Office Removal.

The insurance agency of Capt. J. VanB. Metts has been moved from 109 Princess, to the stand just across the street No. 112 Princess, formerly occupied by the Wilmington Sewerage Company, which is being handsomely fitted up for the new tenant. Capt. Metts will be glad to see all his patrons at the new stand where he is better able than ever to serve them with everything in insurance.

Linotype Machinist-Operator wanted at the Star office. Sobriety, speed, clean proofs and good references required. 3t

THE REAL JOHN BORWN.

The Baltimore Sun has lost patience with the efforts up North and especially among a certain class of negroes to make a martyr and hero of John Brown. The Sun in an editorial in Tuesday's issue unmasks the real character of John Brown and does a good part by posterity in revealing facts that appear to be forgotten in some quarters. The Sun says:

"The tendency to make a hero of John Brown seems to linger in some quarters and among some rabid partisan newspapers. Some Northern communities have gone so far as to erect monuments to him. It is somewhat inconsistent that the people who regard rebellion against the United States as so black a crime, who consider it sacrilege to fire upon or even insult 'Old Glory,' should give such unstinted honor to a man who resisted the authority of the United States, fired upon the flag and shot down men wearing the uniform of the army.

"People who thus do honor to a relentless and cruel assassin must be under some misapprehension of the character of the man. If they stopped to consider the history of the John Brown raid and of the previous career of Brown in Kansas, it is inconceivable that any right-thinking, law-abiding, moral person can applaud or excuse such a monster. Can it be possible that the Northern admiration of Brown is because it was his plan to murder Southern people? We cannot believe it. There must be some misunderstanding of the facts. Even so moderate an usually well-informed a newspaper as the Philadelphia Ledger says:

" 'Brown was a lawbreaker and a mischief-maker capable of bringing serious trouble upon his country, but it is impossible to avoid recognizing the colossal kind of simple honesty and courage of which he is one of our most notable exemplars.'

"As to Brown's physical courage there can be no dispute. So is the bloodhound a courageous animal, and so have been some of the vilest criminals and most notorious highwaymen and murderers. A coward would not have undertaken the enterprise in which Brown engaged. But what evidence have we of his simple honesty? After a career of crime in Kansas, after midnight murders and general lawlessness, he conceived the plan of waging war against the authority of the United States and embarked deliberately in the enterprise of arming the slaves in the South and inciting them to murder the white population without respect to age or sex. The scheme and the plan lacked no element of devilish malignity, and if the relations between master and slave had been such as Brown in his ignorance believed them to be, there would have been a servile insurrection attended with all the horrors of that in Santo Domingo, which shocked humanity. But the emissaries of Brown were unable, after several months of insidious and secret work among the slave population, to induce one single negro to raise his hand against a white man. It was the irony of fate that the very first murder that Brown committed at Harper's Ferry was of an estimable and peaceful negro. Instead of responding to the summons of this murderous man the negroes fled from him and asked the protection of their masters. It is inconceivable that people professing and calling themselves Christians and loyal Americans should hold up to the admiration of mankind a murderer and one who without cause fired upon the flag of his country and did what he could to promote the wholesale slaughter of innocent people. Doubtless it is because they are ignorant of the real John Brown was the rankest anvenof his design. But there is no excuse for such ignorance. All the facts were ascertained and published by a committee of United States Senators and certified to by those members of the committee who were abolitionists, the Senator from Vermont among the rest."

John Brown was the rankest adventurer and fanatic, indeed if he was not a genuine lunatic.

SALT TRUST IN ENGLAND.

The Northwich correspondent of the Manchester Guardian telegraphs that paper that the combine, or amalgamation, by which the output of British salt, its distribution and prices will be regulated is now an accomplished fact. It has been registered under the name of the Northwestern Salt Company, the capital of 10,000 pounds being subscribed by the salt manufacturers themselves. Presumably the salt will be distributed from one central office. Some authorities declare that the arrangement will be of enormous advantage to both the Salt Union and the outside markets, says the Guardaian.

Such a result naturally follows. Where a combine is able to control the price, the smaller concerns always follow the prices fixed by the larger concerns. It is to their interest to do so, because they get better prices and keep the big concerns from putting them out of business.

CURRENT COMMENT.

—Secretary Shaw says Government ownership of railroads is "impractical." He means either "impracticable' or "unpractical."—New York Press.

—Mr. Moody hopes that it will not be necessary for Mr. Roosevelt to take the Presidency again. Ditto Shaw; ditto Fairbanks; ditto "Uncle Joe" Cannon—New York World.

—People who seldom bother about reading Presidential messages will this year honor Mr. Roosevelt's with a careful persual just to see how many of the 300 simpletonized words he has worked into it.—Wishington Post.

—"With North Carolina getting to be a prohibition State and South Carolina abolishing the dispensary, the respective governors will find the intervening time still longer," says the Atlanta Journal. The dispensary is in no present danger of being abolished, but, if it should be, there need be no elongation of the intervals between saying "How." Reports from prohibition States seldom tell of dangerous droughts.—Columbia Record.

—There is an even marked significance in the President's choice of agents to inquire into facts and carry into effect his policy in Cuba. He sends Acting Secretary of State Bacon, who is officially in immediate charge of our present relations with the Cuban republic. He sends also the Secretary of War, who would be charged with the responsibility of action, should the Cubans, disregarding the President's warning, foolishly refuse to compose their factional differences. The President is manifestly prepared for either event.—New York Times.

—Our island possession, Porto Rico, seems to have recovered from the effects of her transplanting from Spanish to American ownership. Under Spanish rule the island exported eight to twelve million dollars worth. Immediately succeeding her transfer to the United States the exports fell to eight million dollars and there was a feeling of disappointment all round. But since then Porto Rico exports and imports have been steadily increasing until now the exports have reached $23,500,000 and of this amount the United States takes $19,000,000 as against formerly only $3.000,000. There is evidently good business in Porto Rico and North Carolina manufacturers might do well to look into this trade.—Charlotte Chronicle.

SPIRITS TURPENTINE

—The North Carolina Poultry Association is to hold its annual show at Greensboro January 8th to 11th.

—Kenansville Eastern Carolina News: Cotton has opened fast during the past several days, and our farmers say that there will hardly be half of a crop in this section.

—The Insurance Commissioner, at Raleigh on Tuesday, licensed the Mutrial Life Insurance Association of Charlotte. As the insurance will be mutual, there is no capital stock.

—State Treasurer B. R. Lacy returned to Raleigh on Tuesday from Greensboro, where he accompanied Mr. Bryan and the delegation. Mr. Lacy was sitting on the train with Dr. C. D. McIver when he died, and the beloved educator fell into Mr. Lacy's arms as he passed away.

—Winston-Salem special, Sept. 18: John Matthews, aged 12 years, was killed in the roller grist mill at Walkertown this morning. The boy was in the basement when a piece of machinery struck him on the head, crushing his skull. He died fifteen minutes after the accident.

—Sunday night in th absence of Richard Best, a white tenant on the place of Theo Uzzell, near Goldsboro, an unknown negro attempted an assault on his wife. An attack with a brick on the negro by their heroic son, five years of age, so frightened the fiend that he ran away. Thus far her assailant has not been apprehended.

—Goldsboro special, Sept. 18: Yesterday afternoon in an altercation between Oscar Lee and William Howell, negroes, who live in Fort township, this county, resulted in the shooting of Howell by Lee with a double-barrelled shotgun. The shot penetrated the side. The wound while painful is not fatal. Lee surrendered to the sheriff.

—Durham special, Sept. 18: The negro Sunday School excursion to South Boston, Virginia, today was a rowdy affair, going and returning. On the return trip there was a free for all fight and Will Bane, a Durham negro, was shot. The ball struck his chin and came out in the back of his neck. The wound is not fatal. The one who did the shooting jumped from a window and escaped. He is not known.

—Raleigh Special, Sept. 18: Most of the talk here to-day is about Mr. Bryan's visit and speech yesterday and the sudden death of Dr. Charles D. McIver. The death of Dr. McIver cast a gloom over the city. It is learned that last year Dr. McIver had an offer of $10,000 a year and his expenses, this being made by a great manufacturer in this State, but declined it, preferring his work at the Normal and Industrial College to any other.

—While engaged in work on the J. A. Lindsay building at High Point Monday Mr. James Hamlen fell thirty feet to the ground. The young man stepped on a plank which gave way with him, precipitating him through a lot of timbers and other dangerous scaffolding, which whirled him around in the descent. His head was cut in several places and he suffered a severe shock from the fall, but was able to get on his feet soon after.

—Mr. J. Hill Beam, an old Confederate soldier and a highly respected farmer of Cleveland county, was found dead in the woods near his home early Sunday morning. A bullet hole was found in Mr. Beam's head, and the verdict of the jury was that Mr. Beam came to his death by his own hand. He had been in bad health practically ever since the Civil War, and recently he has been very despondent and had threatened to take his own life.

—Kenassville Eastern Carolina News: Captain W. Pattin, of Calypso, the owner of the flour mill and crate factory there, was around to see the merchants in the county last week and securing agents for his flour. This is another enterprise in Duplin that deserves to be given the glad hand. The flour is home-made and unadulterated, and the people of this section can now buy flour that is absolutely pure and wholesome. It is made of pure wheat and manufactured at Calypso. He has built a town out of a wilderness.

—Asheville Special, Sept. 18: J. C. Wilber, of the Asheville Tailoring and Pressing Club, captured a burglar last night shortly after 10 o'clock and, while the burglar showed fight and declared that he would never be turned over to the police officers, Mr. Wilber applied a little rough treatment and his burglarship quickly reconsidered and went peacefully behind the iron bars, where he will remain until to-morrow morning, when he will be given a preliminary hearing. The man is Frank Rude.

—At Raleigh on Tuesday the Supreme Court handed down a decision in the Sultan case. Sultan was tried at April term, 1906, of the Superior Court of Craven county, before Judge Long, for retailing spirituous liquors in the town of Newbern, contrary to law. Upon conviction, it was adjudged by the court that the defendant be confined in jail for a term of five months and that he pay a fine of five hundred dollars. From this judgment he appealed. The judgment of the lower court was affirmed.

—Col. E. F. McRae, of Maxton, who was recently unanimously nominated by the Democracy of Robeson county for the House of Representatives of North Carolina, is being spoken of as a candidate for Speaker of the House.

—Charlotte Observer: 'Squire C. H. Wolfe, who lives a few miles east of the city, has on his place a negro tenant whom he declares is the champion cotton-picker in the county, or this section of the State. The name of the negro is Joe Redfern and he picked 542 pounds of the staple last Monday. Joe has a six-year-old daughter who picked 63 pounds the same day.

—Raleigh ews and Observer, Sept. 19: Deputy Sheriff R. T. Murray, of Pender county, yesterday placed two negroes whose names were Nixon and Sholar, in the penitentiary, the first to serve eight years for manslaughter, the latter to serve five years for burglary. The sheriff of Johnston county brought Julius Hudson, a white man, to the State's prison to serve a fifteen year term for burglary, and he also brought James Jones, a negro, to serve a life term for burglary. The sheriff of Edgecombe county brought Christ Morton, colored, to the pen to serve a ten-year sentence for a heinous crime.

—Kenansville Eastern Carolina News: Dr. Cy Thompson, of Onslow, is mentioned as the probable candidate for Congress in this district on the Republican ticket. Dr. Thompson is the ex-fusionis Secretary of State, and died exceedingly hard when North Carolina was redeemed from his gang of followers. Dr. Thompson is fond of pie, and he hopes for something in the future, while he has no hope of being elected to Congress. Dr. Thompson was once an advocate of "reform," but he is now a straight out Radical, favoring a high tariff, trusts and combines.

—Sylvester Barrett, of Pitt county, convicted of murder in the first degree, will hang, the decision of the Superior Court having been affirmed on Tuesday at Raleigh by the Supreme Court. Barrett was convictd of killing Walter Lovett, and the homicide occurred one and one half mile from Farmville, in the county of Pitt, some time between 10 and 11 o'clock on the night of January 20, 1906. The deceased was constable in Farmville township and had warrants for several parties including one for Barrett, for an affray, which occurred about sunset on January 20, 1906 one and one-quarter miles from Farmville.

—Fayetteville special, Sept. 18: The boldest hold up that has occurred in this county in years was enacted at McNeill's Bridge, over Big Rock Fish, six miles from Fayetteville, last night. Mr. R. A. Wright, foreman of the Hughes Lumber Company, of Parkton, was on his way home from this city and had reached a point just this side of McNeill's Bridge, when he was accosted by a man who asked him for a ride and without waiting for a reply climbed into the buggy. Mr. Wright had hardly recovered from his astonishment at the man's cheek when some one jumped from the side of the road and grabbed the horse by the bridle. At this the man who had just gotten into the buggy dealt Mr. Wright a blow on the head, knocking him from the vehicle. In his fall Mr. Wright grabbed the whip, and when he picked himself up he put the heavy butt end of to good use, knocking both men down just as they were about to pounce upon him. He then jumped into the buggy and drove off. The men were white. It is supposed that they thought Mr. Wright had been to Fayetteville to get money to pay off the hands.

—Durham Special, Sept. 18:: C. F. Rich, a colored lawyer, was arrested here late this afternoon charged with conspiracy and libel, the warrant beingsent here from Vance county. He was released on $2,000 bail to appear before the clerk of the court of Vance county, Henry Perry, September 29th. The warrant was sworn out by J. R. Hawkins, until last April general manager of the American Union Industrial Company. The warrant also calls for the arrest of Anderson Stroud, of New Hanover county, and C. A. Stroud of Wake county, on the same charge as that against Rich. This trouble is the result of recent litigation in which C. F. Rich appeared as counsel in a civil sui aginst Hawkins, also colored, who was sued in this city before Justice Owens, judgment being given against him for $179.50. The facts are these: The Strouds were in the employ of the American Union Industrial Company, one being president and the other local agent. They came here and agreed to sell to a number of negroes lots on easy payments, representing to them that the company had purchased a large tract of land here and they could pay for it by the week. A goodly number of negroes paid in money in this way and later two or three of these who lost their money brought suit against Hawkins to recover. Hawkins, who is wealthy, claims that it was a conspiracy between Lawyer Rich and the two Stroud negroes to defraud him out of much money. The arrest of Rich created quite a stir in colored circles. He quickly gave the $2,000 bond, the bond being made up by three colored men.

RUSSELL SAGE BELIEVED

That it was wise for the average man or woman to follow the advice of experts in financial matters. At one time, in discussing this matter, he said:

"There is a common fallacy, quite as prevalent with men as with women, that while for legal advice we go to lawyers and for medical advice to doctors, and for the construction of a great work we go to engineers, financing is everybody's business. As a matter of fact, it is the most profound and complicated of them all."

MORAL: When you have money to invest consult a firm devoting its entire time and attention to the question of how it can invest money SAFELY and PROFITABLY for its clients.

SOCIAL EVIL PROBLEM.

Correspondent Writes His Impressions of Recent Tragedy.

(Communicated.)

To The City Council,

Gentlemen: While the papers are still chronicling the awful circumstances concerning the sudden death of one, Mr. W. L. Williams, permit me to make a few comments upon this lamentable affair and the circumstances leading up to same

'Tis not my purpose to utter one word which would add to the mortification and suffering of the unfortunate young man who is responsible for the death of Mr. Williams; but rather to invite your earnest attention more closely than ever before to the source from whence came this awful tragedy. I was not acquainted with the poor fellow whose life has been forfeited, but understand that he possessed many and noble virtues. The sudden and untimely death of such a one is always sad; but to be murdered in a house of ill repute should be sufficient cause for the permanent removal of those dens of infamy; where death lurks in every corner, and where human life is held in no higher regard than the life of a brute. This has been proven by the testimony in this case. The maintenance of such hellish resorts can mean nothing but destruction of the laws of decency. I cannot see how some persist in proclaiming that such places are a necessary evil; for so long as they are permitted to exist, just so long will the public continue to be started by such shocking calamities as that which occurred on last Friday A. M.

The Chief of Police has acted wisely in closing this house, and now is a very good time to act with greater wisdom by closing all of these death traps.

Gentlemen, reflect seriously upon this matter, and I am sure you will take steps to rid the city of these dives, thereby precluding a repetition of the awful tragedy which has caused such boundless misery to all parties concerned. Away with them; this despisable element which only lurks men's souls on to degradation, ruin and finally death. J. M. P.

Into His New Building.

Funeral Director Walter E. Yopp is now occupying his handsome new three-story building just completed on Princess street, and in a few days he will have an establishment second to none of its kind in this section. The old building is being remodelled for temporary occupancy by D. R. Foster & Co., real estate agents.

Card of Thanks.

I take this opportunity of thanking my friends for their loyal support given me in yesterday's primary and while I naturally regret the outcome yet I have just cause to be proud of the distinction of having conducted a clean campaign and feel complimented at the class of citizens who gave me their support.

CHRISTMAS MONEY

Everybody wants it—all must have it—so let us make this suggestion:

The Southern National Bank is only one year old—it has many accounts and many friends already, yet there are many young men, many business people, many housekeepers, lady clerks, stenographers, and other professional people whose acquaintance it seeks. We invite such people to start a little personal business with us—a neat little pocket check book, with simple and convenient arrangement for showing how your balance stands, will be presented free. To induce you

ONE DOLLAR OPENS AN ACCOUNT

Start with us now, and systemize your financial dealings, however limited. Deposit a little each day, each week, each month. You will be pleased—and then, there's the Christman money!

TAFT AND BACON ARRIVE IN CUBA.

Met President Palma and Insurgent Leaders to Learn Situation.

THE INSURGENTS' DEMANDS

They Insist That Presidential Election Shall Be Annulled—Young Officers Will Go With Our Army to Cuba.

(By Cable to The Morning Star.)

Havana, September 19.—President Roosevelt's peace representatives arrived upon the scene to-day and met personally President Palma and the members of his cabinet as well as the official representatives of those in arms against the government and got a rough general idea of the situation from both sides. Incidently they received from citizens, American naval officers and others a number of side lights on the situation.

Secretary Taft's informal straightforward and kindly manner has already created a strong and favorable impression.

In the course of the conversation of the American secretaries with President Palma at the palace, Messrs. Taft and Bacon subscribed to the sentiments set forth in President Roosevelt's letter and expressed the hope that their visit would contribute to the establishment of peace. In reply to questions by Messrs. Taft and Bacon, President Palma reviewed the various aspects of the electoral problem in Cuba. Asked whether the government had taken steps to effect a compromise, the President replied in the negative, saying that the government had limited itself to assisting the efforts of the veterans, wihout taking active part in the negotiations.

Secretary Taft then asked if any revolutionary demands had been directly affected by their negotiations. President Palma said in reply that the programme of the revolutionists included the absolute annullment of the last elections. and that, if by compromise it should be agreed to hold partially new elections, he, Palma, would no longer continue as executive because his prestige would suffer, and to do so would be a drawback to a constitutional form of government.

Referring to the efforts being made to bring about peace, President Palma said he had left that matter to the political parties. On receipt of President Roosevelt's letter the government had limited itself to suspension of hostilities. The President added that in his judgment Congress should pass an electoral law which would amply guarantee both parties; also a municipal election law under which elections would be held next January, the government to preserve strict impartiality.

Young Officers to Command.

Washington, September 19.—Young officers for command in Cuba in case the army is sent there has practically been decided upon by the War Department authorities. General Frederick Funston probably will be in command and his chief lieutenants are likely to be Brigadier Generals Thomas S. Barry and William P. Duvall. These two officers have recently completed an inspection of the German maneuvres in Europe and have notified the War Department that they intend to sail for this country on September 29, but owing to the acute situation in Cuba they have been advised that their presence in this country at an earlier date will be desirable. Preparations are going forward to meet any emergency that may arise in case reconcillation of the warring element in Cuba cannot be accomplished.

While the State Department has been informed unofficially of the arrival at Havana to-day of Secretary Taft and Assistant Secretary of State Bacon, no official advices had been received at the Department up to the hour of closing.

It is said at the State Department to be unlikely that either Sec. Taft or Bacon would communicate with the Department on matters relating to their mission in Cuba. Whatever they may have to communicate will be sent direct to President Roosevelt. as they constitute a special Presidential mission which is quite independent of the Department of State.

Of course, any complaints by the State Department of the destruction or imperiling of American interests will go through the usual diplomatic channels and not through the Presidential mission.

Outrages Against Americans.

Santiago, Cuba, Sept. 19.—The first overt act by revolutionists in eastern Cuba was committed yesterday afternoon.

Fifty mounted men under Captain Vicente osta and Lieutenant Francisco Salmon, entered the town of Firmeza, twenty miles east of here, where the Juragua iron mines are located. They presented to Superintendent of Mines Whittaker a document bearing the alleged signature of General Hierexuelo, demanding the delivery of two cases of dynamite and two blasting bateries. The superintendent refused to deliver the goods. The insurgents thereupon forcibly seized the explosive and the batteries, one mule. and other supplies, giving their receipt therefor.

A fine, new building, owned by Frederick Pfeiffer, an American stockman, in the Palma Soriano district, was burned yesterday, it is believed by outlaws.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily. when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel. disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowziness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

E. Poezolt. merchant tailor of 8th South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism, and her ankles would be all puffed up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankles and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

Still Ahead in Low Prices

Our regular prices are much cheaper than any special prices yet advertised. Our goods are NEW. The following shows how and why we do and can undersell.

Discount on account of large purchases, average,	10 pr. ct
Discount for cash (we pay cash), average	10 pr. ct
Savings of freight on car shipment, average	5 pr. ct
Total,	25 pr. ct

As you see, we can sell goods at a profit of 25 per cent. and at the same time sell them for just what they would cost us if we bought in small quantities, paid local freight and bought on time. We do not try to make 25 per cent.

Our claim is corroborated by the number of prudent purchasers we send. For June the 1st to the present, we have sold $4,540.21 worth of goods, received more than $3,300.00 in cash. Our books are open for inspection of any doubters. When in need of furniture come to headquarters.

TRAIN WRECKED IN ENGLAND

Caught Fire and Many Killed or to Death.

Losdon, September 19.—The crowded Scotch express train on the Great Northern railway, leaving London last night was wrecked outside of Grantham at mid-night. The train should have stopped at Grantham but failed to do so. Shortly after passing the station the train left he rails and jumped a bridge. The engine and several coaches were dashed over the embankment, the engine turning turtle. Several coaches immediately took fire. There are many passengers beneath the debris. Of the extricated five have died. The number of lives lost is not known, but is believed to be large. Many were injured. At last accounts the coaches were still blazing and the fire brigade had been called out. The dead and injured as yet have not been identified.

At the spot where the express was derailde there is a curve and it is supposed the brakes failed to act. The train appears to have gone upon a siding smashing the parapet of the bridge which was completely shattered.

No understanding between representatives of the Order of Railway Conductors and officials of the Seaboard Air Line relatively to the new wages was reached yesterday at Norfolk. The representatives held a conference with railroad officials and later conferred among themselves in the hotel Monroe in Portsmouth. While nothing was given out for publication it is understood that the railway officials gave no definite answer to the demand for increase in wages and the conductors expressed themselves as determined to remain in Portsmouth until the officials come to some sort of terms.

GOLDEN NUGGETS FOR SALLOW PEOPLE

NOBLE DEED OF NORTHERNER.

Maintains at His Own Expense a Free Library of 20,000 Volumes—He Established Free School in Mitchell County.

(Raleigh News and Observer.)

Rev. L. Johnson, corresponding secretary of the Baptist State Convention, returned yesterday from the western part of the State, where he went to attend the annual meetings of the Mitchell and Yancey county associations. He tells an interesting story of how a Northern man has made his life a blessing to that section by using his means for the intelelctual and educational development of the people.

In 1885 Chas. H. Wing came from Boston to Ledger, in Mitchell county, a country place, and established there a school which was equipped with desks and all modern appliances. A corps of North Carolina teachers was secured and everything was made ready for a successful opening. Tuition was offered free to all who would attend and even books, slates, etc., were furnished free. Room had been provided for only 100 students; 200 came. The roll was divided into two sections and the sections were taught alternately, one section in the forenoon and the other in the afternoon, with additional teachers.

After the school had been in operation five or six years the people lost interest and it was no longer patronized largely. Then the public school term was lengthened to four months and finally the Wing school was closed.

After the closing of the school, a nice library building was erected and in it was placed a library of 20,000 volumes, covering all subjects. This magnificent library is for the use of the public and no fee is charged. Mr. Wing employs a librarian who gives his entire time to this work.

There are a dozen cases for portable libraries. A case is filled with good books and sent to any community that will promise to use the books and return them all in good condition.

The influence of this man's life and work can be plainly seen in the large scope of country touched by it. It is to be deplored that the people as a whole do not show greater appreciation of this gentleman's generosity and benevolence.

SULLIVAN SCORED BY MR. BAILEY.

Illinois National Committeeman Put His Foot in It By Riling Texas Senator—Get Notice From Senator Bailey.

Washington, D. C. September 18.—Senator Bailey, of Texas, arrived today and took notice of the statement of Roger Sullivan, national committeeman from Illinois, who repeating the charge that the Democratic leader of the Senate had been in the employ of the Waters Pierce Company, a branch of Standard Oil, stated that Mr. Bryan should read Senator Bailey out of the party before reading out him (Sullivan). Senator Bailey made this authorized statement with regard to Sullivan's onslaught on him.

"If Mr. Sullivan made the statement attributed to him he has exhibited a reckless disregard for the truth which renders him even less fit for membership on the Democratic national committee than any circumstances which Mr. Bryan has yet mentioned against him.

"The Standard Oil Company has no more interest in or connection with the Tennessee properties for which I am the attorney that Mr. Sullivan or the Czar of Russia.

"I am not required to explain any professional employment in answer to such contemptible statements as that made by Mr. Sullivan. My employment in this instance, as well as in all other instances, was such as any honorable lawyer is glad to accept and my clients are entirely satisfied with the manner in which I have protected their interests."

SOFTNESS OF SEALSKIN,

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. THE COTTON MARKET.

New York, September 19.—The cotton market was less active to-day and fluctuations were narrow and irregular with the close steady at a net advance of 2 to 5 points; sales were estimated at 175,000. The opening was berely steady at a decline of 1@4 points in spite of rather steadier cables than expected owing to favorable weather reports and selling by local professionals who were evidently bearish on the immediate course of the market. At the decline there was covering, however, and some support from Wall street bulls ana prices rallied to a little over the closing figures of the previous day. Trading was almost entirely professional during the middle session and the market showed no fresh feature or change of consequence. The close was steady and without a point or two of the top. There were private reports of smaller Southern spot offerings and an improved demand, but these made little impression upon general sentiment and crop news was too conflicting to be of much value in determining market opinions.

Receipts: cotton at the ports to-day 21,709 bales, against 19,367 last week, and 35,732 last year. For the week, 210,000, against 139,111 last week, and 240,478 last year. To-day's receipts at New Orleans 4,191 bales, against 2,676 last year, and at Houston 9,086, against 11,625 last year.

DRY GOODS MARKET.

New York, September 19.—The dry goods market was firm to-day. The activity was in grey goods for converting purposes. Southern mills have sold liberally into March of next year of wide print cloths. Some printers have been in the market making inquiries on narrow goods. The government jute forecast was received by cable during the day, and shows a crop of 9,000,000 bales. Factors here say this will not be large enough for the world's requirements and it accounts for advancing prices in burlaps and other products. Drills and sheetings are selling steadily. Complaints of delayed deliveries of goods are very general.

THE BREATH OF LIFE

It is a significant fact that the strongest animal of its size, the gorilla also has the largest lungs. Powerful lungs mean powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." SHIPS WRECKED BY THE STORM

Many Lives Were Lost and Numerous Vessels Destroyed or Dismantled

HATTERAS HAD HER VICTIMS

British Str. Laura Had Chart House Swept Away With Captain and Two Seamen. Several Disasters on Treacherous Hatteras.

(By Wire to The Morning Star.)

Norfolk, Va., Sept. 19.—The British tramp steamer Laura of the Pyman Line, bound from Port Arthur, Tex., September 9, for Europeon ports, arrived at the Lamberts Point coal piers this morning after having encountered the terrific storm which swept the Hatteras coast last Monday morning and during which the ship's commander, Captain Charles T. Adams, and two seamen were swept into the ocean and lost.

The Laura with her cargo shifted and badly listed to port came into the Virginia Capes with her chart house gone, all save one of her life boats missing, her bridge torn to pieces, the steel sides of her house bent and her superstructure a practical wreck. The ship showed signs of having been worse handled by the wind and sea than any steel ship which ever before entered this port after a storm at sea.

Captain Adams and two of his men were in the chart house on deck when two great waves arose, one upon either side of the ship and rising to a point higher than the ship's bridge, met and fell, crushing it. Then the receding waves carried it away to sea, and it and the occupants vanished.

The second officer, Fred Gladstone lay sick in his bunk with a fever of 103 degrees when the master was lost. He was carried up and took command and saved the ship. He was taken to a hospital here with a badly crushed foot. He took charge of the vessel after the loss of the captain and the first officer, Johnston, had been thrown against the sides of the ship and rendered unconscious. The officers Johnston, Gladstone, and the third engineer and fireman Steward, will recover. Adams, who was about 28 years of age was married, but had no children. His home was at Fishguard, Wales. W. Elliott, fireman, who was lost, was from South Shields, England. John Brennan, the lost seaman, was unmarried.

The steamer which has a cargo of wheat is bound for Antwerp.

Schooner Wade in Distress.

Norfolk, Va., Sept. 19.—The three-masted schooner Arthur C. Wade, of New York, which suffered in the recent coast storm, was picked up this morning by the Standard Oil steamer A. F. Lucas 30 miles south of Diamond Shoals lightship and is now being towed by the Lucas to New York. The Wade asked by wireless from the Diamond Shoals lightship to be reported to her owner, N. H. Smith, in New York. Another report gives name of the owner as W. H. Armstrong, of New York.

Schooner Waterlogged.

Norfolk, Va., Sept. 19.—The German steamer Carl Menzel passed in the Virginia capes today towing the schooner City of Georgetown with her sails gone and partially waterlogged. She was picked up off Hatteras by the Menzel which is bound from Fernandina for Riga, Russia.

Schooner Belans Wrecked on Frying Pan.

Norfolk, Va., Sept. 19.—The steamer City of Augusta reported to the Norfolk weather bureau today that she passed the wrecked schooner J. V. Belans, of Thomaston, Maine, yesterday, forty miles east of Frying Pan Shoals lightship. All of the schooner's masts and her bowsprit were overboard but part of her deck load of lumber was still on her. The Belans sailed from Jacksonville September 6 for Portland. She was of 458 tonnage and had a crew of seven men.

Brigantine Wrecked on Hatteras.

Savannah, Ga., Sept. 19.—The steamship Frederick, Captain Taylor, from Baltimore to Savanah, arrived here today bringing the crew of the brigantine Ohio from Brunswick for Louisburg via Cape Breton, lumber laden. The crew was taken off the brigantine near Cape Hatteras. The vessel and cargo are a total loss.

THE EXPOSITION AT JAMESTOWN.

Greund Broken for Maryland, Missouri and Other Bhildings at Hampton Roads.

OCCASION MADE GALA DAY.

Cornerstone of Virginia Building Laid. Preparations Made for Erection of T. P. A. Building—Appropriate Ceremonies Observed.

(By Wire to The Morning Star.)

Norfolk, Va., Sept. 19.—The elaborate exercises incident to the breaking of ground for the Maryland and Missouri State buildings, the building to represent the National Travelers' Protective Association of America and the laying of the corner stone of the Virginia State building on the Jamestown Exposition grounds, began shortly before noon today with several thousand people in attendance. The joint function is the most important yet of any events preliminary to the tercentenary on the shores of Hampton Roads next year. The programme included addresses by President Harry St. George Tucker, of the exposition company; Governor Warfield, of Maryland; Governor Swanson, of Virginia, Assistant Secretary of the Treasury Edwards, Secretary of the National Commission to the Exposition; Frederick M. Colston, president of the Maryland State Commission; Mrs. John R. Walker, grand regent of the Daughters of the American Revolutation of Missouri, and Colonel John S. Harwood, of Richmond, Va., chairman of the National legislative committee of the T. P. A.

Ground was broken for the Missouri State building by Miss Sherwood, and the Missouri State flag was raised by Miss Godwin.

For the Maryland building, ground was broken by Governor Warfield, and the Maryland State flag was unfurled by Miss Warfield, daughter of the Governor.

The coroner stone at the Virginia building was laid by Mrs. Swanson, wife of the Governor. The Governor's flag was unfurled by William Howard Baker, of Chesterfield, Va., and the National flag was unfurled by Miss Nannie Garland Thierman, of Richmond.

Ground was broken for the T. P. A. building by C. E. Herbert, State president, and the flag was raised by Theodore H. Howe, of Chicago, national president.

The exercises were participated in by the Virginia State militia, the naval militia of the District of Columbia, marines and sailors from navy yard, and artillerymen from Fort Monroe.

The Governor of Virginia and Maryland were attended by their respective staffs.

BRYAN SPEAKS IN COLUMBIA

Perfectly Independent as to His View of Government Ownership.

(By Wire to The Morning Star.)

Columbia, S. C., Sept. 19.—William Jennings Bryan spoke today to 3,000 people on the campus of the South Carolina University. The audience was made up of representative men from every county in the State, composing a committee of four hundred.

He stood under the portraits of Calhoun and Hampton, to whom he made eloquent reference in his opening remarks. He was presented by Gov. D. C. Heyward. Mr. Bryan was gratified because this meeting had been opened with prayer, and he referred to the fact that the need of the hour was Christian ideals for citizenship. He attacked Secretary Shaw's tariff arguments and declared earnestly that no Republican can refute the tariff without contradicting himself. He also declared that he had no objection to President Roosevelt's using his platform but he does object to electing a Republican when a Democrat could be chosen on the platform and be consistent. Roosevelt had been elected as a a God of War, and he will go down in history as a peacemaker.

Peace was the Democratic platform. The Republicans had refused to put a rate bill in their clause in the platform, but the Democrats at Kansas City had done so. He made his usual anti-trust argument and then explained that he had been misunderstood in the public ownership of railroads. He wanted merely to correct existing abuses rather than to encourage centralization He believes he is right and does not care whether the people agree with him or not.

Mr. Bryan left here this afternoon at 5 o'clock for Augusta.

Frank Finley and Kenner Finley, were shot and killed Tuesday night in Raleigh county W. Va., by A. L. Herman, charged with the murder of Jerry Davis at Martin, Ky., one year ago. Frank Finley was a brother-in-law of the murdered man. The shooting followed an attempt to arrest Herman at his home.

LOSS OF LIFE WAS ENORMOUS.

Thousand or More People Drowned During Typhoon at Hong Kong.

PROPERTY LOSS IMMENSE.

Numerous Ships Sunk or Damaged and Many Driven Ashore—Reports of Fresh Disasters Are Arriving Every Hour.

(By Cable to The Morning Star.)

Hong Kong, September 19.—The loss of life and property in the typhoon which yesterday raged for two hours is far greater than first reported. A thousand persons are missing at Hong Kong alone and the damage is estimated at several million dollars.

Wharves were swept away and houses collapsed. The military barracks are in ruins. Eighteen steamers are ashore. The American ship S. P. Hitchcock was also driven ashore, as were many of the launches that run about the harbor. The steamers Kwong Chow, San Chewng, Sorsogen and Kongmoon were sunk. The steamers Apenrade and Johanne are partly awash. The British reserve sloop Phoenix and a small gunboat, the Dongola, are ashore. The British torpedo boat Sir William Jervois was sunk. The French torpedo destroyer Froude was wrecked and and the Francisque is ashore.

The harbor is strewn with wreckage thrown upon the shore. Hundreds of Chinese boatmen and their families were saved by the bravery of the police and civilians, but several thousand of the Chinese dwellers must have perished, many within short distances o fthe shore. The Chinese take the disaster calmly, and show no manifestations of grief.

The river steamer Fatshan drifted into collision with the French mail steamer. The entire Chinese crew climbed aboard the French steamer and left Captain Thomas, who was injured, one of the crew and the engineers to navigate the Fatshan to shelter bay where she was blown ashore.

The Bishop of Victoria, Dr. J. C. Hoare, was on his way to visit some neighboring islands when the storm broke and is reported missing. His launch has been found floating bottom upwards.

The Japanese steamer Sada Maru rescued sixty-six natives and one English pilot as she was approaching Hong Kong.

Sir Matthew Nathan, governor of Hong Kong, and the authorities, are doing everything possible to render assistance.

Reports of fresh disasters are arriving every hour.

Only a few Europeons are missing.

It is now estimated that 5,000 Chinese lost their lives in the recent typoon.

Reports are hourly increasing the mortality.

FUNERAL OF COL. ELLIOTT.

Late President of Coast Line Buried in Baltimore.

(By Wire to The Morning Star.)

Baltimore, Sept. 19.—The funeral of Warren G. Elliott, president of the Atlantic Coast Line Company, who died at Watkins Glen, N. Y., last Monday, took place here to-day from Old St. Paul's church. The services were conducted by Rev. E. Briggs Nash, rector in charge.

The burial was at Green Mount Cemtary. The honorary pall bearers included Alexander Hamilton, of Petersburg, Va.; Judge L. R. Watts, of Portsmouth, Va.; Dr. G. G. Thomas, of Wilmington, N. C.; G. M. Serpell, of Norfolk, Va.; Alfred P. Thom, of Washington, D. C.; and George W. Stevens, of Richmond.

WAR RELIC FOR EXHIBITION.

Oil Monitor to Be Taken to Jamestown Exposition.

(By Wire to The Morning Star.)

Washington, Sept. 19.—In pursuance of orders from the Navy Department the naval tugs Hercules and Unaas left the navy yard at League Island yesterday, having in tow the abandoned monitor Canonicus, which is to form part of the naval display at the Jamestown Exposition. The old monitor is to be taken to the navy yard, Norfolk, and repaired so as to permit of her use at the exposition. She is to be made up in imitation of her appearance in the days of her usefulness during the civil war. At that time she was regarded as a formidable warship, but in 1902 she was condemned for sale and has been laid up in ordinary at Philadelphia ever since.

President Roosevelt yesterday extended the eight-hour law to apply to all public work under the supervision of any department of the government. This order affects more particularly work on river and harbor improvements. All persons not obeying the order will be prosecuted.

PARTY POLITICS IN NEW YORK.

Odell Acknowledges That He Has Been Dethroned From Republican Leadership.

MR. HEARST FOR GOVERNOR.

Leader Murphy, of Tammany, Says Democratic Organization is Not Committed to Any Candidate. Unit Rule Will Prevail.

(By Wire to The Morning Star.)

New York, September 19.—Charles F. Murphy, leader of Tammany Hall, was asked today if he thought the result of yesterday's primary indicated the nomination of W. R. Hearst on the Democratic ticket for governor.

"I cannot say," said he, "Tammany Hall is not committed to any candidate."

Mr. Murphy said he thought the unit rule would prevail at the Buffalo convention.

Mayor McClellan, in commenting on the result of the primaries, said:

"I am content with the result."

Former Governor Odell, chairman of the Republican Satte committee, declared to-day that he does not cherish any animosly because of the result of the primaries. He said he sincerely hoped to see peace and harmony prevail at the State convention and a ticket upon which all Republicans could unite and support heartily.

"As Shakespeare says," said Mr. Odell, "'Sweet are the uses of adversity.' I am licked and I admit it. Now that the battle is over it is my desire that the hatchet be buried."

"Will you remain in politics?" was the next question.

"I have made no plans," replied Mr. Odell. "Whatever I do I will not leave myself open to charges of cowardice or ingratitude."

A letter was read at the Democratic assembly conventions in Buffalo this afternoon from National Committeeman Norman E. Mack, in which he states that since the nomination of Mr. Hearst by the independence league, he cannot with propriety or justice to his position any longer favor the candidacy of Mr. Hearst for governor by the Democratic State convention next week.

A Card.

I desire to thank my friends and the public most heartily for the splendid support at the primaries yesterday, and assure you that I appreciate it most highly.

I am again asking you for your suffrage at Friday's primary, and I shall with all my power administer the affairs of office with fidelity to all.

Very respectfully,
WILLIAM H. BIDDLE.

Cowan for Sheriff.

On account of no nomination for Sheriff on Wednesday, it will be necessary to hold a second primary on Friday, the 21st inst. I take this means of thanking those who supported me at the primary Wednesday, and ask their further support and the support of all Democratic voters at the primary on Friday, assuring them that if I am elected I will give my personal attention to the office and will perform the duties thereof to the best of my ability.

S. P. COWAN.
